America's History, Combined Volume
America a Concise History 2nd Edition Volume 1+ Documents to Accompany America's History 5th Volume 1 + Reading the American Past 2nd

America: A Concise History helps students to make sense of it all while modeling the kind of thinking and writing they need to be successful. Offering more value than other brief books, America is competitively priced to save your students money, and features built-in primary sources and new ways of mastering the content so your students can get the most out of lecture and come to class prepared. The sixth edition rolls out Bedford/St. Martin's new digital history tools, including LearningCurve, an adaptive quizzing engine that garners over a 90% student satisfaction rate, and LaunchPad, the all new interactive e-book and course space that puts high quality easy-to-use assessment at your fingertips. Easy to integrate into your campus LMS, and featuring video, additional primary sources, a wealth of adaptive and summative quizzing, and more, LaunchPad cements student understanding of the text while helping them make progress toward learning outcomes. It's the best content joined up with the best technology.

America a Concise History 3rd Volume 1 + Documents to Accompany America's History 5th Volume 1 + Reading the American Past 2nd

With fresh interpretations from two new authors, wholly reconceived themes, and a wealth of cutting-edge scholarship, the Fifth Edition of America: A Concise History is designed to work perfectly with the way you teach the survey today. Building on the book's hallmark strengths—balance, explanatory power, and a brief-yet-comprehensive narrative—as well as its outstanding full-color visuals and built-in primary sources, authors James Henretta, Rebecca Edwards, and Robert Self have shaped America into the ideal brief book for the modern survey course, at a value that can't be beat.

American Music: A Panorama, Concise

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. A compelling story of agency, survival, struggle and triumph over adversity. This text illuminates the central place of African Americans in U.S. history by telling the story of what it has meant to be black in America and how African-American history is inseparably woven into the greater context of American history. African Americans draws on recent research to present black history within broad social, cultural and political frameworks. From Africa to the 21st century, this book follows the long turbulent journey of African Americans, the rich culture they have nurtured...
throughout their history and the quest for freedom through which African Americans have sought to counter oppression and racism. This text also recognizes the diversity within the African-American sphere, providing coverage of class and gender and balancing the lives of ordinary men and women with accounts of black leaders. Note: MyHistoryLab does not come automatically packaged with this text. To purchase MyHistoryLab at no extra charge, please visit www.MyHistoryLab.com or use ISBN: 9780205090754.

These United States: The Questions of Our Past: Volume I: To 1877

Australia is the last continent to be settled by Europeans, but it also sustains a people and a culture tens of thousands of years old. For much of the past 200 years the newcomers have sought to replace the old with the new. This book tells how they imposed themselves on the land, and brought technology, institutions and ideas to make it their own. It relates the advance from penal colony to a prosperous free nation and illustrates how, in a nation created by waves of newcomers, the search for binding traditions has long been frustrated by the feeling of rootlessness. This revised edition incorporates the most recent historical research and contemporary historical debates on frontier violence between European settlers and Aborigines and the Stolen Generations. It covers the Sydney Olympics, the refugee crisis and the 'Pacific solution'. More than ever before, Australians draw on the past to understand their future.

Born in Blood and Fire

A Concise History of the United States of America

A Concise History of U.S. Foreign Policy offers a conceptual and historical overview of American foreign relations from the founding to the present. Joyce Kaufman clearly explains major themes in foreign relations and places the evolution of policy decisions within the context of the international situations and domestic priorities.

African Americans

A Concise History of World Population

A third edition of this book is now available. Now in a fully revised and updated edition, this concise and insightful book explores the ways American popular products such as movies, music, television programs, fast food, sports, and even clothing styles have molded and continue to influence modern globalization. Lane Crothers offers a thoughtful examination of both the appeal of American products worldwide and the fear and rejection they induce in many people and nations around the world. The author defines what we mean by "popular culture," how popular culture is distinguished from the generic concept of "culture," and what
constitutes "American" popular culture. Tracing how U.S. movies, music, and TV became dominant in world popular culture, Crothers also considers the ways in which non-visual products like fast-food franchises, sports, and fashion have become ubiquitous. He also presents a fascinating set of case studies that highlight the varied roles American products play in a range of different nations and communities. Concluding with a projection of the future impact of American popular culture, this book makes a powerful argument for its central role in shaping global politics and economic development.

America's History, Volume 1: To 1877

U.S. History

Concise History of Western Music

Published by OpenStax College, U.S. History covers the breadth of the chronological history of the United States and also provides the necessary depth to ensure the course is manageable for instructors and students alike. U.S. History is designed to meet the scope and sequence requirements of most courses. The authors introduce key forces and major developments that together form the American experience, with particular attention paid to considering issues of race, class and gender. The text provides a balanced approach to U.S. history, considering the people, events and ideas that have shaped the United States from both the top down (politics, economics, diplomacy) and bottom up (eyewitness accounts, lived experience).

America: A Concise History

Known for its interpretive voice, balanced analysis, and brief-yet-comprehensive narrative, America: A Concise History helps students to make sense of it all while modeling the kind of thinking and writing they need to be successful. Offering more value than other brief books, America is competitively priced to save your students money, and features built-in primary sources and new ways of mastering the content so your students can get the most out of lecture and come to class prepared.

With fresh interpretations from two new authors, wholly reconceived themes, and a wealth of cutting-edge new scholarship, the seventh edition of America's History is designed to work perfectly with the way you teach the survey today. Building on the book's hallmark strengths — balance, comprehensiveness, and explanatory power — as well as its outstanding visuals and extensive primary-source features, authors James Henretta, Rebecca Edwards, and Robert Self have shaped America's History into the ideal resource for survey classes.

Open Veins of Latin America

Born out of violence and the aspirations of its early settlers, the United States of America has become one of the world's most powerful nations, even as its past continues to inform its present and to mould its very identity as a nation. The search for nationhood and the ambiguities upon which the nation was founded are at the root of this intelligent and forthright book. Taking a broadly chronological approach, it begins in colonial America as the first Europeans arrived, lured by the promise of financial profit, driven by religious piety, and accompanied by the diseases which would ravage and consume the native populations. It explores the tensions inherent in a country built on slave labor in the name of liberty, one forced to assert its unity and reassess its ideals in the face of secession and civil war, and one that struggled to establish moral supremacy, military security, and economic stability during the financial crises and global conflicts of the twentieth century. Woven through this richly crafted study of America's shifting social and political landscapes are the multiple voices of the nation's history: slaves and slave owners, revolutionaries and reformers, soldiers and statesmen, immigrants and refugees. It is their voices, together with those of today's multicultural America, that define the United States at the dawn of a new century.

This study resource includes commentary, definitions, identifications, map exercises, short-answer exercises, and essay questions.

Problems in Modern Latin American History

In The American South, William J. Cooper, Jr. and Thomas E. Terrill demonstrate their belief that it is impossible to divorce the history of the south from the history of the United States. Each volume includes a substantial biographical essay--completely updated for this edition--which provides the reader with a guide to literature on the history of the South. Coverage now includes the devastation of Hurricane Katrina in 2005, up-to-date analysis of the persistent racial divisions in the region, and the South's unanticipated role in the 2008 presidential primaries.

America a Concise History 3rd + Document Reader to Accompany America's History 5th

This concise, accessible book describes American music as a panorama of distinct yet parallel streams--hip-hop and Latin; folk and country; gospel and classical; jazz, blues, and rock--that reflect the uniquely diverse character of the United States. Comparing and contrasting musical styles across regions and time, the author delivers a vision of American music both exuberant and inventive--a music that arises out of the history and musical traditions of the many immigrants to America's shores. America: A Concise History, Volume One: To 1877

Now in its fourth edition, this leading reader has been updated to tighten the focus of each chapter on a major interpretive problem. This edition includes an entirely new chapter,
“Historical Memory,” which allows readers to revisit the era of the Cold War from a contemporary perspective, and the chapters on nationalism and globalization have been thoroughly revised. The book continues to offer a rich variety of materials that can be tailored to the needs of individual instructors. By focusing each chapter on a single interpretive problem, the book painlessly engages students in document analysis and introduces them to historiography. With its innovative combination of primary and secondary sources and editorial analysis, this text is designed specifically to stimulate critical thinking in a wide range of courses on Latin American history since independence.

Globalization and American Popular Culture

Concise History of Western Music combines Grout and Palisca’s uncompromising reliability, scope, and respect for the narrative, while offering many more pedagogical aids, such as chapter preludes and postludes; "Etudes," excursions that explore the material more deeply than the main text; and "Windows," boxed discussions of special topics.
